WORK HISTORY

Temporary Multimedia/Web Support Specialist

California Teachers Association | November 2025 - Present

- Designed state council flyers and T-shirt lettering in Adobe Illustrator for print and digital use
- Edited strike and rally videos in Canva and DaVinci Resolve, including video trimming, graphics, captions, and formatting for digital platforms and social media
- Updated websites in Webflow, Framer, and WordPress with chapter actions, events, and multimedia content

Graduate Research Assistant

Rochester Institute of Technology | August 2023 - May 2024

- Conducted and analyzed interviews with UX/UI Designers to assess accessibility challenges and improve website inclusivity
- Researched and evaluated job applications to identify and document accessibility-related keywords and trends
- Assessed websites using accessibility tools to ensure compliance with web standards and enhance usability

Digital UX Designer & Usability

The Hartford | May 2022 - August 2022 | Internship

- Researched agency roles within Small Commercial to create user archetypes and presented insights to the Digital Experience team
- Designed and executed unmoderated usability tests, synthesizing data into actionable design recommendations and reports
- Developed a UX SharePoint site, optimizing content layout and multimedia materials for accessibility and usability

UX Researcher & Designer

Rochester Institute of Technology | May 2021 - August 2021

- Conducted discovery interviews with faculty and TAs to gather insights on peer evaluation workflows and interface expectations
- Analyzed qualitative feedback to identify pain points and opportunities for efficiency within the digital evaluation process
- Redesigned an accessible peer evaluation tool, applying front-end usability standards and visual design principles

PROJECTS

EagleView: Usability Study

Group Project | 7 weeks

- Created heuristic evaluation report and test plan drafts
- Performed usability test with individuals through various tasks
- Compiled findings and suggestions for final report
